

I could tell you I got a 4.0 GPA.
Or I could tell you that studying global issues combined with travel experiences in developing countries has driven my desire to become a doctor and provide accessible healthcare to all.

MY STORY IS MORE THAN NUMBERS.

Facilitated by a consortium of like-minded international schools, the Global Citizen Diploma (GCD) provides a framework for students to actively take small steps leading to a better future. Through intentional reflection, students develop a deeper understanding of who they are and what they value by capturing their individual stories and celebrating their growth. By identifying their passions, each student who earns the GCD becomes more inclined to act in an ethical and responsible way as a global citizen.

By completing the GCD, students can earn a high school credential that recognises the many ways in which they are growing into global citizens.

Global Citizen *[glo-bal ci-ti-zen]* : (noun)

A person who conducts their daily life with a commitment to understanding others; who makes decisions with an awareness of how they affect communities locally and globally; and who advocates and holds themselves accountable for social and environmental sustainability.

GCD ELEMENTS

CORE VALUES -

The core values of global citizenship reflect an understanding of others, awareness, action & advocacy.

COMPETENCIES -

In addition to core values, each student has an individual combination of competencies that shape what they contribute to the world.

AREAS OF EXPERTISE -

Sometimes students transcend their roles as students and participate in the world as adults with paraprofessional expertise.
